### About this Product Disclosure Statement ("PDS")

This PDS is a summary of significant information and contains a number of references to important information (each of which forms part of the PDS). You should consider this information before making a decision about the Fund. The information provided in the PDS is general information only, is not a recommendation to invest in the Fund and does not take into account your personal financial situation or needs. You should obtain financial advice tailored to your personal circumstances. The offer to which this PDS relates is available only to persons receiving the PDS (electronically or otherwise) in Australia. Investments are subject to risks, some of which are outlined in this PDS. Franklin Templeton Australia ("Responsible Entity", "we", "our" or "us") does not guarantee any payment of income or repayment of capital or the performance of your investment in the Fund. It is important that you understand and accept the risks before you invest in the Fund.

The Responsible Entity is solely responsible for the management of the Fund, which includes day-to-day administration and making investment decisions.

All terms in "bold" are defined terms under Interpretations and definitions in Section 9 of this PDS.

### Updated information

The information in this PDS is up to date at the time of preparation. However, information relating to the Fund that is not materially adverse information is subject to change from time to time. We may update this information.

Where the change is not considered materially adverse to investors, the information may be updated on the Franklin Templeton website (www.franklintempleton.com.au). For updated information about the Fund please contact us or consult your financial adviser.

We will provide you with a paper copy of any updated information without charge upon request. If there is a change in information which we consider is materially adverse we will generally issue a new PDS.

## 1 About Franklin Templeton Australia

Franklin Templeton Australia is the Responsible Entity for this Fund and part of Franklin Resources, Inc. The Responsible Entity is solely responsible for the management of the Fund, which includes day-to-day administration and making investment decisions. Franklin Resources, Inc. [NYSE:BEN] is a global investment management organisation with subsidiaries operating as Franklin Templeton and serving clients in over 165 countries. Franklin Templeton's mission is to help clients achieve better outcomes through investment management expertise, wealth management and technology solutions. Through its specialist investment managers, the company brings extensive capabilities in equity, fixed income, multi-asset solutions and alternatives. With offices in more than 30 countries and approximately 1,300 investment professionals, the California-based company has over 70 years of investment experience and over AUD \$2.1 trillion in assets under management as of 30 June 2021. Through specialised teams, Franklin Templeton has deep expertise across all asset classes, including equity, fixed income, alternatives and multi-asset solutions. This includes a group of world-renowned specialist investment managers such as Martin Currie, Western Asset and Brandywine Global. For more information, please visit [franklintempleton.com.au](http://franklintempleton.com.au)

### Investment manager

Franklin Templeton Australia has appointed Brandywine Global Investment Management LLC ("Brandywine Global") as the investment manager for the fund. Brandywine Global founded in 1986 by a group of highly experienced portfolio managers. They are an active specialist manager in fixed income, equity and alternative investments headquartered in Philadelphia, USA. Value investing is core to Brandywine Global's investment approach. Through a value-driven process, they focus on assets in countries and currencies that meet their definition of value, and advances this with a benchmark agnostic investment style. Brandywine Global is not afraid to uncover investment potential where others see risk with a central objective to maximise risk adjusted returns over an investment cycle. Acting with conviction and discipline, they thrive on a culture of debate that encourages ideas, diverse viewpoints and invite candid discussion.

**Please note:** You should read the important information about Franklin Templeton before making a decision. Go to the 'About Franklin Templeton' section of the Additional Information Booklet which is available at [franklintempleton.com.au](http://franklintempleton.com.au).

The material relating to Franklin Templeton may change between the time when you read the PDS and the day when you acquire the Fund.

## 2 How the Fund works

### About the Fund and structure

The Fund is a registered managed investment scheme that is an unlisted Australian unit trust. The Fund comprises assets which are acquired by the Responsible Entity in accordance with the investment strategy for the Fund. The Fund is governed by a "**Constitution**". The terms and conditions of the Constitution are binding on each Unit holder (and all persons claiming through them).

The Responsible Entity has appointed JPMorgan Chase Bank, N.A. (Sydney branch) (ABN 43 074 112 011) (JPMorgan) to provide custody and fund administration services. JPMorgan have provided their consent to be named and have not withdrawn their consent before the issue date of the PDS. JPMorgan has not been involved in the preparation of this PDS or caused or otherwise authorised the issue of this PDS. JPMorgan has not independently verified the information contained in this PDS and accordingly accepts no responsibility for the accuracy or completeness of the information. JPMorgan does not guarantee the success or the performance of the Fund nor the repayment of capital or any particular rate of capital or income return.

OneVue Fund Services Pty Ltd (ACN 107 333 308) has been appointed as the registrar in relation to the Fund. The custodian and registrar may be changed from time to time.

A Unit holder's interest in the Fund is represented by "Units". A Unit holder has an interest in the assets of the Fund as a whole, subject to the liabilities of the

Fund. A Unit holder does not have an interest in any particular asset of the Fund.

Investors can acquire interests in the Fund by applying for Units and can redeem from the Fund by making a withdrawal request in relation to the Units they hold. The price at which Units are acquired ("Application Price") or redeemed ("Redemption Price") is determined in accordance with the Constitution.

The Application Price and the Redemption Price on a "**Business Day**" are, in general terms, equal to the product of the Net Asset Value ("NAV") of the Fund divided by the number of Units on issue and:

- for the Application Price, adjusted up for transaction costs (called the "buy spread"); and
- for the Redemption Price, adjusted down for transaction costs (called the "sell spread").

The Application Price and the Redemption Price are generally determined each Business Day.

The Application Price and the Redemption Price will increase as the market value of the Fund's assets increases and will decrease as the market value of the Fund's assets decreases.

### How we process your money

An investor can acquire Units by making an application for Units. An application for Units is made by lodging either an "Application Form for New Investors" or an "Application Form for Existing Investors" ("application forms").

Application forms need to be received by the registrar and appropriate funding provided to the Fund's nominated bank account by 11.00am on a Business Day to receive that day's Application Price. Refer to Section 8 "How to apply" for more information.

### Classes of Units

The Responsible Entity may offer or withdraw classes of Units. Currently under this PDS one class of Units is offered: "Class I". The Responsible Entity has the ability to issue further classes of Units under separate PDSs or other offer documents from time to time.

### Access to your money

A Unit holder can dispose of Units by making a redemption from the Fund. A redemption request can be made by completing a "Redemption Form"

Redemption Forms need to be received by the registrar by 11.00am on a Business Day to receive that day's Redemption Price.

Redemptions are typically paid within five Business Days although the Constitution allows us up to 30 days or longer in certain circumstances. Redemption proceeds will be paid to an investor's nominated bank account.

In some circumstances, such as suspension of trading on the Australian Securities Exchange, Unit holders may not be able to redeem their Units within the usual period upon request. If the Fund becomes illiquid, for the purposes of the "**Corporations Act**", then you may only redeem from the Fund in accordance with the terms of a redemption offer (if any) made by the Responsible Entity in accordance with the Corporations Act.

There is no obligation on the Responsible Entity to make a redemption offer. The Responsible Entity anticipates that the Fund will generally be liquid.

### Minimum investment

Unless otherwise determined by us, the minimum initial investment is \$30,000. Additional investments can be made at any time. The minimum additional investment amount is \$5,000.

### Valuation of Fund assets and unit pricing

The Fund's assets are typically valued each Business Day. Unit prices are usually calculated each Business Day. We may declare Unit prices more or less frequently or delay calculation in certain circumstances.

A formal written policy has been established by us in relation to the guidelines and any relevant factors that are taken into account when exercising any discretion in calculating unit prices (including determining the value of assets and the amount of liabilities). A copy of our policy is available to investors on request free of charge.

## Distributions and payment methods

The Fund may distribute income at 31 December and can determine to make an additional distribution from time to time. At present, the Fund intends to distribute all undistributed income at 30 June each year, but the Constitution for the Fund does allow us to accumulate income where the Fund is an Attribution Managed Investment Trust (“AMIT”) for the relevant year. A Unit holder’s entitlement to distributions of income is determined based on the number of Units held at the end of the relevant distribution period. Distributions will be paid within 60 days of the end of the relevant distribution period. Unit holders who redeem Units during a distribution period will not receive a distribution of income in respect of those Units for that distribution period.

The Constitution for the Fund does provide us with the power to, where Units are redeemed during a year for which the Fund is an AMIT, attribute tax components to a redeeming Unit holder in certain circumstances where the redemption constitutes a “Significant Redemption”. Income attributable to each Class may be impacted by the total level of fees charged to the Fund. You may use the “Application Form for New Investors” to elect a distribution preference. If you are an existing investor, you can change your distribution preference through the “Change of Details Form”. Reinvested distributions will be taken to be issued on the next day after the end of the relevant distribution period. The Application Price for Units issued on the reinvestment of distributions will be based on the NAV of the Fund used to calculate the last Application Price for the relevant distribution period adjusted for certain income amounts. Distributions will be reinvested into additional Units unless otherwise directed by you.

**Please note:** You should read the important information about how the Fund works before making a decision. Go to the “About the Funds” section of the Additional Information Booklet which is available at [franklintempleton.com.au](http://franklintempleton.com.au).

The material relating to the acquisition and disposal of interest in the Fund may change between the time when you read the PDS and the day when you acquire the Fund.

## 3 Benefits of investing in the Fund

### Significant features

The Fund is an actively managed portfolio of sovereign bonds, investment grade corporate bonds, mortgage securities, currencies and other similar securities. The Fund can also invest in emerging market and high yield debt.

The investment process of the Fund is based on a “top down value driven” approach. Real yield is the primary measure of value. Currency valuation is the next most important measure because the real yield must be captured in the investor’s local currency. Brandywine Global also focuses on identifying undervalued currencies as well as overvalued currencies that can be hedged. Inflation trends, political risks, monetary trends, business cycles and liquidity measures are also considered.

### Significant benefits

The Fund offers a number of significant benefits:

- exposure to fixed income securities that the investment manager believes are undervalued and offer high real yield (inflation adjusted);
- active currency management;
- professional management of your investment with an experienced investment manager;
- diversification benefits that would be difficult to achieve through direct investment;
- disciplined portfolio construction; and
- web-based reporting that includes performance, market commentary and portfolio strategy.

## 4 Risks of managed investment schemes

You should note:

- all investments carry risk;
- different funds may carry different levels of risk depending on the assets that make up the fund;
- assets with the highest potential long-term returns may also carry the highest level of short-term risk;
- the value of investments will vary;
- the level of returns will vary and future returns may differ from past returns; and
- returns are not guaranteed and you may lose some of your money.

The laws affecting registered managed investment schemes may change in the future. Your personal risk level will vary depending on a range of factors, including, age, investment time frames, where other parts of your wealth are invested and your risk tolerance.

The significant risks of investing in the Fund include:

- market risks, including changes in interest rates and asset prices, issuer default, unfavourable economic conditions, changes in government regulation, inflation and lack of liquidity (in this context, “lack of liquidity” means investments may not be readily disposed of);
- credit risks, including adverse market or issuer developments, and downgrades to security ratings;
- manager risks, including human error, system failures, poor procedures, lack of management controls, termination of the Fund, counterparty risk, changes in fees, replacement of the Responsible Entity and replacement of the investment manager;
- counterparty risks, including when a counterparty either cannot or will not meet its obligations;
- country and currency risks, including adverse political, economic and social developments, different levels of regulatory oversight and adverse currency movements;
- investment risks, including benchmark performance that is below Unit holder expectations and/or the Fund not meeting its investment objective; and
- the risks of implementing investment decisions using derivatives, including market risks, manager risks, counterparty risks, the risks of a derivative position unexpectedly not corresponding with the intended exposure and the risks of a derivative position inadvertently not being backed by cash, cash equivalents or securities. A derivative position that is not appropriately backed may cause the Fund to be inadvertently leveraged.

Techniques used to manage risks include:

- extensive research;
- active portfolio management;
- risk management systems;
- compliance monitoring;
- monitoring economic factors;
- maintaining disciplined management controls;
- auditing operational procedures; and
- managing derivatives, including requiring derivatives to be supported by cash, cash equivalents or securities.

**Please note:** You should read the important information about investment risks before making a decision. Go to the “Risks” section of the Additional Information Booklet which is available at [franklintempleton.com.au](http://franklintempleton.com.au).

The material relating to investment risks may change between the time when you read the PDS and the day when you acquire the Fund.

## 5 How we invest your money

**Warning:** you should consider the likely investment return, the risk, and your investment timeframe when choosing whether to invest in the Fund.

<b>Brandywine Global Opportunistic Fixed Income Fund - Class I</b>	
<b>Investment objective</b>	The Fund aims to earn a return before fees and taxes in excess of the FTSE World Government Bond Index hedged into Australian dollars ("Benchmark") over rolling five-year periods.
<b>Minimum suggested timeframe for investment</b>	A minimum time frame for investment of three to five years is suggested. The Fund should be suitable mainly for investors seeking an investment in Global Fixed Income securities with long-term financial goals.
<b>What does the Fund invest in?</b>	<p>The Fund generally aims to invest:</p> <ul style="list-style-type: none"> <li>countries that are included in the Benchmark however up to 40% of the Fund can be invested in countries outside the Benchmark.</li> </ul> <p>The Fund generally aims to hold investments such that:</p> <ul style="list-style-type: none"> <li>fixed income securities and cash in the Fund shall have a weighted average rating of A or better, including subcategories or gradations therein, as measured by the Bloomberg Global Bond Indices methodology;</li> <li>below investment grade non-sovereign debt, as rated by all Agencies that provide such a rating, is limited to 15% of the Fund at time of purchase with below investment grade currencies outside the Benchmark limited to 10% of the Fund at the time of purchase;</li> <li>no more than 5% of the Fund will be invested in the obligations of any one Investment Grade corporate bond issuer;</li> <li>exposure to any below investment grade issuer comprises no more than 3% of the Fund at time of purchase;</li> <li>fixed income securities of companies of any one industry will not exceed 25% of the Fund; and</li> <li>the Fund's duration (a measure of the sensitivity of the price of a fixed income security to a change in interest rates, expressed as a number of years) will be limited to a range of zero to ten years.</li> </ul> <p>The Fund, through the use of derivatives, may hold short positions in individual currencies. All such derivative exposures are fully supported by cash, cash equivalents or securities. The Fund may also use certain derivatives to implement investment decisions, to manage cash flows or to facilitate timely exposure to securities. The Fund aims to be at least 75% hedged into Australian dollars. The balance is unhedged and is actively managed.</p> <p>The Fund will not invest in securities issued by companies directly involved in:</p> <ul style="list-style-type: none"> <li>the production of "<b>Controversial weapons</b>";</li> <li>the manufacture of tobacco products;</li> <li>mining or extraction of thermal coal, or extraction of oil from tar sands (subject to a 10% revenue threshold).</li> </ul> <p>The Fund does not intend to borrow.</p>
<b>Risk level</b>	The Responsible Entity considers the risk level of the Fund to be high. The investment manager has risk control methodologies in place which aim to mitigate the overall level of risk.
<b>Fund performance</b>	Investment performance of the Fund is published on our website at <a href="http://www.franklintempleton.com.au">www.franklintempleton.com.au</a> . Past performance is not necessarily a guide to future performance.
<b>Labour, Environment, Social and Ethical consideration</b>	In addition to the exclusions noted in "What does the Fund invest in" section above, we monitor underlying investments for compliant labour, social, ethical, and environmental practices and standards. These factors are not the primary or sole drivers of buying, retaining or selling investments. To the extent that Brandywine Global believes that those matters may negatively affect the value or performance of an underlying investment, they may be considered as risks that would require reducing or selling out of an investment.
<b>Changes to Fund detail</b>	The Responsible Entity is permitted to change how it invests the assets of the Fund at any time. If the Responsible Entity changes the investment objective of the Fund the Responsible Entity will advise Unit holders of the change.

### Investment options

There are no other investment options for the Fund.

### Switching

Switching is not available for the Fund.

**Please note:** Please note: You should read the important information about fees and costs of investing in the Fund before making a decision. Go to the "Additional Explanation of Fees and Costs" section of the Additional Information Booklet available at [franklintempleton.com.au](http://franklintempleton.com.au).

The material relating to how we invest your money may change between the time when you read the PDS and the day when you acquire the Fund.

## 6 Fees and costs

### Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

### To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investment Commission (ASIC)** website ([moneysmart.gov.au](http://moneysmart.gov.au)) has a managed funds fee calculator to help you check out different fee options.

The information in the following Fees and Costs Summary can be used to compare costs between different managed investment schemes. Fees and costs can be paid directly from an investor's account or deducted from investment returns. For information on tax please see section 7 of this PDS.

### Fees and Costs Summary

Brandywine Global Opportunistic Fixed Income Fund – Class I		
Type of fee or cost	Amount	How and when paid
<b>Ongoing annual fees and costs</b>		
<b>Management fees and costs (1,2)</b> The fees and costs for managing your investment.	0.35% p.a. of the net asset value (NAV) of the Fund	The management fees component of management fees and costs is calculated in relation to the NAV of the Fund on a daily basis. The management fees are deducted from the Fund's assets and are generally paid to us monthly in arrears. Otherwise, the fees and costs are variable and reflected in the unit price of the Fund as they are incurred.
<b>Performance fees (3)</b> Amounts deducted from your investment in relation to the performance of the product	0.41%	The performance fee is calculated on a daily basis and the actual performance fee will vary, depending on the Fund's actual return.
<b>Transaction costs (4)</b> The costs incurred by the scheme when buying or selling assets	0.00% p.a. of the NAV of the Fund	Transaction costs incurred by the Fund are variable and deducted from the Fund as they are incurred and reflected in the unit price. They are disclosed net of amounts recovered by the buy-sell spread. Any transaction costs at an interposed vehicle level are reflected in the value of the Fund's investment in the relevant interposed vehicle and therefore reflected in the unit price.

Member activity related fees and costs (fees for services or when your money moves in or out of the Fund)		
<b>Establishment fee</b> The fee to open your investment	Nil	Not applicable
<b>Contribution fee</b> The fee on each amount contributed to your investment	Nil	Not applicable
<b>Buy-sell spread</b> An amount deducted from your investment representing costs incurred in transactions by the scheme	0.07% upon entry and 0.07% upon exit..	The Buy Spread is added to the NAV and is paid into the Fund as part of an application and the Sell Spread is deducted from the NAV and is left in the Fund as part of a redemption. These figures are accurate as at the date of the PDS
<b>Withdrawal fee</b> The fee on each amount you take out of your investment	Nil	Not applicable
<b>Exit fee</b> The fee to close your investment	Nil	Not applicable
<b>Switching fee</b> The fee for changing investment options	Nil	Not applicable

- (1) The fees shown above are inclusive of GST and net of RITCs.  
(2) The amount of the management fee may be negotiated. See "Differential fee arrangements".  
(3) Based on the Fund outperforming the Benchmark by 2% before fees resulting in a performance fee of 0.41%. The performance fee estimate does not represent any actual, past or future performance of the Fund. The Responsible Entity does not provide any assurance that the Fund will achieve the performance used in the examples and investors should not rely on this in deciding whether to invest in the Fund.  
(4) Calculated based on relevant costs charged to the Fund for the 12 months to 30 June 2021. Past costs (inclusive of GST and net of RITC) are not a reliable indicator of future costs.

### Additional Explanation of Fees and Costs

#### Management Fees and Costs

The Management Fees and Costs are composed of the management fees, expenses and indirect costs in relation to the Fund. These include the management fees and Responsible Entity fees, totalling 0.28% p.a., payable to us. Out of this amount we will pay certain other costs the Constitution of the Fund otherwise gives us, as the Responsible Entity, the right to recover. These other costs include custodian fees, investment management fees, administration fees, audit fees, any indirect costs (currently estimated at 0.00%) and other expenses and costs such as those connected with the compliance committee and the compliance plan. While we choose to pay these other costs out of our fees, we reserve the right to recover some or all of the expenses from the Fund. The management fee component is calculated and accrued daily based on the NAV of the Fund. The accrued fees are paid in arrears from the Fund at the end of each month. The Management Fees and Costs reduce the Fund's NAV and are reflected in the Unit price.

#### Transaction Costs

The Management Fees and Costs do not include certain transaction costs. Transaction costs are variable and deducted from the Fund as they are incurred and reflected in the unit price. They are disclosed net of amounts recovered by the buy-sell spread. Transaction costs are an additional cost to the investor where they are not recovered by the Buy/Sell Spread, and are generally incurred when the assets of the Fund are changed in connection with day-to day trading or when there are applications or withdrawals which cause net cash flow into or out of the Fund. Actual transaction costs for future years may differ. Please refer to the Additional Information Booklet for further information.

### Buy/sell spread estimate

The buy/sell spread is an estimate of the transaction costs that are incurred in buying and selling the underlying assets of the Fund as a result of applications and redemptions. The Application Price is adjusted up by a buy spread and the Redemption Price is adjusted down by a sell spread. The dollar value of these costs based on an application or a withdrawal of \$5,000 is \$3.50 for each individual transaction. We can change the buy/sell spread at any time without prior notice. Please refer to our website for the current buy/sell spreads at [www.franklintempleton.com.au](http://www.franklintempleton.com.au).

### Performance fee

A performance fee is payable where the Fund's return exceeds the Benchmark and any underperformance from previous periods has been recouped. The Fund return (before fees) is required to be positive before a performance fee will be paid. The Performance Fee is set at 20.5% of that outperformance and is subject to a cap of 3.0% of the NAV of the relevant Fund over rolling 12 month periods.

### Differential fee arrangements

We may enter into individual fee arrangements with **"Wholesale Clients"** (as defined in the Corporations Act) in accordance with applicable ASIC class order relief.

### Example of annual fees and costs for this investment option

This table gives an example of how the ongoing annual fees and costs in this investment option for this product can affect your investment over a 1 year period. You should use this table to compare this product with other products offered by managed investment schemes.

Brandywine Global Opportunistic Fixed Income Fund - Class I		Balance of \$50,000 with a contribution of \$5,000 during year
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged \$0.
PLUS Management fees and costs	0.35%	<b>And</b> , for every \$50,000 you have in the Fund you will be charged or have deducted from your investment \$175 each year (1).
PLUS Performance fees	0.41%	<b>And</b> , you will be charged or have deducted from your investment \$205 in performance fees each year.
PLUS Transaction costs	0.00%	<b>And</b> , you will be charged or have deducted from your investment \$0 in transaction costs.
<b>EQUALS</b> Cost of Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of \$380* (2) <b>What it costs you will depend on the investment option you choose and the fees you negotiate.</b>

\*Additional fees may apply.

(1) You should note that this example assumes a constant investment balance of \$50,000 in Class A Units throughout the year. Management Fees and Costs will also be charged in relation to any additional contributions you make during the year and the amount you pay will depend on the proportion of the year during which the additional contributions are invested.

(2) Assumes the additional \$5,000 was invested at the end of the year. If it is assumed the additional \$5,000 was invested at the beginning of the year, the Management Fees and Costs would be \$192.50 (\$55,000 x 0.35%). Please note this is an example only as the actual investment balance of your holding will vary on a daily basis.

**Note:** This is an example. In practice, the actual investment balance of an investor will vary daily and the actual fees and expenses we charge are based on the value of the Fund. The indirect costs and other expenses component of Management Fees and Costs and transaction costs may also be based on estimates. As a result, the total fees and costs that you are charged may differ from the figures shown in the table.

**Warning:** Additional fees may be paid to a financial adviser if an investor consulted a financial adviser. Where an investor receives financial advice, they should refer to their Statement of Advice or their adviser's Financial Services Guide for full details of these fees.

### Change in fees

We may vary the fees specified at any time at our absolute discretion, without Unit holder consent, subject to the maximum fee amounts specified in the Constitution. If the variation is an increase we will give you 30 days' advance written notice.

At the date of this PDS we do not intend to charge a contribution fee, exit fee nor do we intend to increase the combined Responsible Entity fee and management fee we charge you (which is specified in the Management Costs section of the Fees and Costs Summary).

We can recover out of the assets of the Fund all expenses which are properly incurred in operating the Fund including, without limitation, amounts payable in connection with custody, compliance, legal and tax consulting fees, banking, accounting and audit. However, we currently pay these costs out of our Fees.

### Calculator

The Australian Securities and Investments Commission provides a fees calculator at [www.moneysmart.gov.au](http://www.moneysmart.gov.au). This calculator can be used to calculate the effects of fees and costs on your investment.

**Please note:** You should read the important information about fees and costs of investing in the Fund before making a decision. Go to the "Additional Explanation of Fees and Costs" section of the Additional Information Booklet available at [franklintempleton.com.au](http://franklintempleton.com.au).

The material relating to the fees and costs of investing in the Fund may change between the time when you read the PDS and the day when you acquire the Fund.

## 7 How managed investment schemes are taxed

**Warning:** Investing in a registered managed investment scheme is likely to have tax consequences. You are strongly advised to seek professional tax advice.

You should note that:

- the Responsible Entity and the Fund is not expected to pay tax on behalf of Australian resident Unit holders;
- Unit Holders are assessed for tax on the taxable components of the Fund that are generated by the Fund; and
- you will be provided with a statement (known as an "AMMA statement" where the Fund is an AMIT, or as a "distribution statement" where the Fund is not) that sets out the taxable components of the Fund on which you may be assessed.

We recommend you seek advice from your financial or tax adviser.

**Please note:** You should read the important information about how managed investment schemes are taxed before making a decision. Go to the "Taxation" section of the Additional Information Booklet available at [franklintempleton.com.au](http://franklintempleton.com.au).

The material relating to how managed investment schemes are taxed may change between the time when you read the PDS and the day when you acquire the Fund.

## 8 How to apply

### How to invest in the Fund

To invest in the Fund, read this PDS with the “Additional Information Booklet” and complete an application form. The Additional Information Booklet and Application Forms are available online at [www.franklintempleton.com.au](http://www.franklintempleton.com.au) or by calling 1800 673 776. If you are not already an investor with Franklin Templeton Australia, you will be required to provide certain supporting documents detailed in Section 1 of the “Application Form for New Investors”.

We authorise the use of this PDS by investors (“Indirect Investors”) who wish to access the Fund through an authorised master trust or wrap account, investor directed portfolio service, investor directed portfolio service-like scheme or nominee or custody service (collectively referred to as “Master Trust or Wrap Service”) located in Australia. The operator of a Master Trust or Wrap Service is referred to in this PDS as the Operator and the disclosure document for a Master Trust or Wrap Service is referred to as the Master Trust or Wrap Guide. If you invest through a Master Trust or Wrap Service, your rights and liabilities will be governed by the terms and conditions of the Master Trust or Wrap Guide. Indirect Investors should apply for Units by using the Master Trust or Wrap Guide and applicable application form provided by the Operator of the Master Trust or Wrap Service.

### Complaints handling

We have established procedures for dealing with complaints.

If you have invested via a Master Trust or Wrap Service and have a concern, you should first contact the Operator of the Master Trust or Wrap Service through which you invested in the Fund. The Operator will handle your complaint in accordance with its complaint handling procedures and may, in accordance with those procedures, refer the complaint to us.

If you have an inquiry or complaint, you can either phone us on 1800 673 776 during business hours or write to:

Attention: Complaints Officer

Franklin Templeton Australia

GPO Box 24011

### Cooling off

If you are a “Retail client”, after you invest in the Fund you have a period of 14 days (the cooling off period) during which you can cancel the investment and have the funds repaid to you. The entire value of your investment may not be repaid depending on the impact of market movements, taxes, management fees, transaction costs etc. during the time you are invested in the Fund.

The right to cool off does not apply to you if you invest in the Fund through a Master Trust or Wrap Service as you do not acquire the rights of a Unit holder in the Fund.

If you have any questions about cooling off rights please contact your financial planner or us on 1800 673 776.

**Please note:** You should read the important information about applying to invest in the Fund before making a decision. Go to the ‘How to apply’ section of the Additional Information Booklet available at [franklintempleton.com.au](http://franklintempleton.com.au).

The material relating to how to apply may change between the time when you read the PDS and the day when you acquire the Fund.

## 9 Other information
